

PRODUCTS: TARTARIC ACID  
CREAM OF TARTAR  
ROCHELLE SALT

SUBJECT: GENETIC MODIFICATION STATEMENT

We confirm herewith the following products supplied and manufactured by Industrias Vinicas are absent of any Genetic Modification:

L (+)TARTARIC ACID  
CREAM OF TARTAR  
ROCHELLE SALT

We also confirm and guarantee that our production of natural origin L(+) Tartaric Acid is manufactured from Calcium Tartrate, which is **not**, to the best of our knowledge and due diligence, derived from a genetically modified raw material nor derived from raw materials having been contaminated with genetically modified products. Our raw materials are obtained from grape skins and wine lees of Chilean, Argentine and certified European origin, where GMO grape vines are not allowed to be grown or wines using GMO products are not produced. Therefore, since it does not contain any ingredient that might have been derived from genetically modified sources, our product is NON-GMO and not subject to any GMO regulations. Our L(+) Tartaric Acid is suitable for use in foods and drugs sold in the US and EU without labeling for genetically modified content as defined by US (TTB) and EU Directives

Sincerely,

INDUSTRIAS VINICAS S.A

VINICAS
