MATERIAL SAFETY DATA SHEET (MSDS)

CREAM OF TARTAR

According to the 'Food Chemicals Codex Standards, Third Edition

It contains 99.5% minimum of PURE POTASSIUM BITARTRATE.

PRECAUTIONS:

NON-TOXIC PRODUCT

STABLE PRODUCT under normal conditions.

Slightly acidic product which may be a irritant to the skin, mucous membrane and eyes.

Do not breathe the powder.

Store in a dry place.

Wash yourself with abundant water after handling.

EMERGENCY FIRST AIDS.

SKIN: Wash with abundant water, alkalinized if possible, if irritation is serious, obtain medical attention.

EYES: Wash first with abundant water, then with alkaline collyrium and visit an ophthalmologist.

INGESTION: Give sodium bicarbonate in moderate amounts and obtain medical attention.

INHALATION: Remove to fresh air, help to breathe and obtain medical attention.

ALIMENTARY AND PHARMACEUTICAL PRODUCT

Precautions in case of spills:

No special precautions are necessary to contain spills.

In case of special sensitivity to the product, wear safety glasses, closed dresses, gloves and dust masks.

Fire and explosion hazard:

Non-explosive product. Non-flammable product.

Identification:

Chemical Formula : KHC₄H₆O₆
Molecular Weight : 188.18
CAS No. : 868-14-4
Index of Refraction : 1.511
Specific Density : 1.984

INDUSTRIAS VINICAS S.A.

Galvarino Gallardo 1588 Santiago-**CHILE**

SECTION I

IDENTIFICATION

Chemical Name

POTASSIUM BITARTRATE L(+) POTASSIUM HYDROGEN TARTRATE (2r, 3r) POTASSIUM BITARTRATE

Alimentary additive and pharmaceutical product

Chemical Formula

KCC₄H₆O₆

Description

Colorless crystals, white powder

Chemical family

Salts of Dihydroxylated organic acids.

<u>Synonyms</u> <u>Richness</u>

Cream of Tartar 99.5% min.

Natural State Molecular Weight

Solid under 188.18

normal conditions

Merck Index no.

7391

SECTION II

INFORMATION ABOUT MANUFACTURER Manufacturer

INDUSTRIAS VINICAS S.A.

Address

Galvarino Gallardo 1588 Providencia, Santiago-CHILE

Manufacturer's Information

Emergency Telephone: 911

Telephone for information: Tel: 888-204 9333

Fax: 888-761-4007

SECTION III
INGREDIENTS

<u>Compound</u>

POTASSIUM ACID BITARTRATE

Main Impurities

According to the limits established by the 'Food Chemicals Codex, Third

Edition 1981'

Significant Effects

Concentrated solutions are an irritant

194 Camino Oruga, #9, Napa, CA 94558 2028 S. Third Street, Fresno, CA 93702 Tel: 888 204 9333 Fax: 888 761 4007 www.vinicas.com - info@vinicas.com

Chilean Office:

SECTION IV

FIRE OR EXPLOSION HAZARD:

Fire or explosion hazard : NULL NON-FLAMMABLE, INCOMBUSTIBLE NON-EXPLOSIVE product.

SECTION V

HEALTH HAZARDS:

Exposure to POWDERED CREAM OF TARTAR may be an irritant to eyes, skin and mucous membranes.

Swallowing significant amounts may produce gastric disorders, stomach acidity, irritation of larynx, pharynx and esophageal, as well as intestinal disorders.

EMERGENCY AND FIRST AIDS

SKIN: Wash with abundant water, better if slightly alkalinized; if irritation is serious, obtain medical attention.

EYES: Wash first with abundant water and then with an alkaline collyrium and visit the oculist.

INGESTION: Give sodium bicarbonate in moderate amounts and obtain medical attention.

INHALATION: Remove to fresh air, help to breathe and obtain medical attention.

SECTION VI TOXICOLOGY

Toxicity:

NON-TOXIC product.

Recommended dosage for Man:

0.38 mg/kg weight

Carcinogenic:

No risks have been described in this field.

Mutagenic:

No risks have been described in this field.

Main absorption paths:

Inhalation, mucous membranes, ingestion.

Effects of a prolonged exposure:

See section V, Health Hazards

SECTION VII REACTIVITY

Stability:

Under normal conditions TOTALLY STABLE to the air and the light. NON-HYGROSCOPIC, NON-EFFLORESCENT.

Incompatibilities:

In an aqueous dissolution mixed with CARBONATES, it produces abundant foam with a release of CARBONIC ANHYDRIDE (CO₂) which may be accrued in pits and depressed areas, giving rise to a lack of air for people or animals.

In an aqueous dissolution mixed with alkalites, may cause increases in temperature

Decomposition hazard:

NULL under normal conditions.

Polymerization:

NULL under normal conditions.

United States Offices:

194 Camino Oruga, #9, Napa, CA 94558 $_{\alpha}^{\circ}$ 2028 S. Third Street, Fresno, CA 93702 Tel: 888 204 9333 Fax: 888 761 4007 www.vinicas.com - info@vinicas.com

Chilean Office:

Galvarino Gallardo 1588, Santiago, Chile Tel: (56) 2 235 9482 Fax: (56) 2 236 0253 www.vinicas.cl - info@vinicas.cl

Storage conditions:

Store in a dry place far away from toxic products

SECTION VIII

PHYSICAL PROPERTIES

Boiling point:

Not described in bibliography

Specific heat (20° C):

0.288 cal/gm/°C

Solubility in water:

at 10° C : 4g/1000ml at 100° C : 61g/1000 ml

Specific density at 20° C:

1.984

Specific rotation: aqueous sol. 2 o/oo, 20°C, 589.2 nm

+11.9 to +13.0

Combustion heat:

-275.1 Kcal/mol

Index of refraction:

1.511

Crystal system:

Rhombohedral prisms

SECTION IX

PRECAUTIONS IN HANDLING AND USE

Instructions for use:

According to federal, state and local regulations.

Precautions in case of spills:

Collect without any special precaution, except for the use of gloves, dust mask and safety glasses.

SECTION X

SAFETY PRECAUTIONS

In case of special sensitivity to the product, use closed garments, safety glasses (do not use contact lenses), rubber gloves and dust mask.

After handling the product, especially its POWDER, wash yourself with abundant water.
